

STANDARD FEATURES

- Injection-molded thermoplastic ABS housing
- Maintained or non-maintained working mode
- Battery backup for 180 minutes emergency duration
- Wall or ceiling mounting
- 30PCS SMD LED total 3W
- 220-240VAC voltage operation
- 3.6V Nickel cadmium battery

TECHNICAL DATA

Product Code	: SEM-3W-LED (CR-7031)
Mode of Operation	: Maintained / Non maintained
Power	: 3W
Voltage	: 220~240V AC
Charging time	: 24 hours
Discharge time	: 3 hours
Net weight	: 0.600 Kg
Lumens in Normal Power	: 180 Lm
Lumens in Battery Power	: 150 Lm
Operating temperature	: 0°C to + 40 °C
Safety Features	: Low Voltage Cut off to prevent over discharge of battery
Material	: Poly Carbonate Body
CCT	: 6500K
IP	: 65
Battery Volt	: 3.6 V 1000 mAh
Battery type	: Ni Cd
Cover	: Clear
Finishing color	: White
Mounting	: surface
Size in mm (LxWxH)	: 351X117X74
Available	: Exit Sticker

Ideal for:
