

16" WALL FAN

Circulating double string switch

Overheat Protection

3-Speed choice and oscillation

Features

- Sleek and stylish design
- Noiseless
- Solid Construction for long life
- Long life heavy duty motor
- Made of special grade of plastic
- Thermal protection for the motor
- 3 whisper-quiet speeds help you select a customized airflow level
- Circulates for powerful cooling
- Oscillation provides full-room air circulation
- Adjustable fan head tilts and locks in place for precision, comfort
- Plastic fan housing provides durability and strength
- Grill resists rust and corrosion for durability
- Use for indoor cooling power
- Rotary and pull cord controls provide convenient control over the fan
- Wall-mount design saves space
- Mounting hardware included for fast installation
- Grills snap together for easy assembly
- Rear cord storage area for your convenience

HIGH AIR DELIVERY

HIGH QUALITY COPPER MOTOR

ABS BLADE- HIGH THROW

Model	Voltage	Power	Frequency	Type	Color	Diameter
SWF-16-M	220~240V	55W	50Hz	Indoor	White	16"

*Data subject to change without notice.

Blades made of superior grade engineered polymer

Synchronous motor driven oscillation

Pull cord for speed and oscillation operation

Inbuilt overheat/overload protection
